### **Transport:**

Transport is available via private car or coach, the Transborder Alpinexpress bus takes you to Cooma town centre where there is a good path of travel (~1km) to the Cooma Library.

### **Cooma Library:**

The Cooma library provides general borrowing facilities, photocopier and fax facilities, and personal computer/internet access. The library also has a meeting room available for hire. Temporary members are welcomed. Open hours are Monday- Friday 930am- 500pm and Saturday 930am-1pm

### **Parking:**

Parking is available on the street. The nearest designated disabled parking spot is on the eastern side of the library on Commissioner St, where there are two spaces. The path of travel from there is via a relatively even concrete footpath approximately 45m from the front door (gradient 4-5% max).

### **Entry:**

The main entry to the library is from Vale St. There is a concrete ramp with handrails (max gradient 10%), approximately 5m long leading to a landing at the doorway. The door is 800mm wide (although a double door can be opened if more width is required), push pull style, heavy to open with an automatic door closer.

**Library:**

The library has a carpeted floor surface clear signage and good lighting. The main service counter has a height of 1070mm. There is mostly adequate circulation space and room between the displays, in some places where circulation space is limited the furniture (such as chairs) may be moved. The height of the internet/computer desks is 720.5 mm with a knee space of 700 mm.

**Toilets:**

Public toilet is available. It is not designated as disabled.

**Other Facilities:**

The Cooma library also provides; access to the Library Service's catalogue and electronic databases via the internet, reference and information service including recommended reading, local area historical information and genealogy resources, interlibrary loans, community information, monthly displays, and second hand book sales.

**Emergency:**

A documented emergency procedure is displayed. The alarm is audio and a Warden will seek to evacuate guests to safe refuge. The building has a number of emergency entry/exit points.
